MISSION

BUILDING Support and Service for our Members

VISION

We are THE resource for the Niagara Construction Industry

VALUES

INTEGRITY is our foundation

Our environment represents mutual TRUST

We are ETHICAL in our actions

TEAMWORK is what keeps us together

We are PROGRESSIVE

The Niagara Construction Association (NCA) is a non-profit organization established in 1952 to represent the interests of the commercial and industrial construction industry within Niagara and the Golden Horseshoe. Members include General and Trade Contractors, Manufacturers, Suppliers, Architects, Engineers and Professional Affiliates.

The Board of Directors is actively involved in the Association's activities and works with professional staff to ensure members receive industry support, education, advocacy, value and a return on their investment.

The NCA is a proud innovator and first adopter when it comes to programs and initiatives that help advance the construction industry and strives to build constant support and services for its members.

The NCA is the leading resource for the Niagara and surrounding construction industry and works diligently to cultivate and maintain its membership base.

WHAT CAN NCA DO FOR YOU

- Committee/Board Participation/Voting Rights
- Advocacy/Lobbying/Representation (Local, Provincial, Federal)
- Membership at COCA & CCA
- Construction Information, Project Leads & News
- Benefits/Products and Services
- Advertising/Marketing/Sponsorship Opportunities
- Safety Culture/P.A.T.H.S.
- Education/Professional Development/Training/Seminars
- Networking/Social Events/Fellowship

ABC Construction's annual NCA membership fees are \$762; their above savings easily cover the annual cost of their NCA membership.

NCA Membership Return on Investment

The NCA is your ONE STOP SHOP for the Niagara construction industry. We advocate on your behalf, and just look at how you can double your ROI below:

NCA members automatically receive ADDITIONAL membership with:

- Canadian Construction Association (CCA) - Provides national representation and lobbying on issues affecting the construction industry.
- Council of Ontario Construction Association (COCA) - Provides provincial representation and lobbying, bringing the concerns of members to the attention of Queen's Park. They are committed to working with the government to ensure that Ontario's legislative landscape is one where our industry can grow and prosper.

"If you are a company in the Niagara construction sector, being a member of the NCA is the most effective way of having a seat at the table Regionally, Provincially and Federally without taking time off to be there."

Carol Danis, NCA Past President

Case scenario of ABC Construction:

- has 5 employees that need Working at Heights training. NCA offers member training at \$95 vs non-member pricing at \$120, saving ABC \$125 on training.
- needs approx. 4 Statutory Declarations signed per month @\$20.
Commissioning service is free for NCA Members therefore ABC Construction saves \$960 per year.
- needs to place an order for CCDC/CCA Documents. They purchased 100 CCDC 9 seals, 1 CCDC 2 registration number, 10 CCDC 2 seals, and 20 CCDC 11 seals. Member cost for this order was \$295 vs non-member cost of \$500, saving \$205
- attended annual Christmas Food Drive Lunch; 5 employees registered, saving \$100
- advertises yearly in the NCA Trade Directory. One 1/4-page ad saves ABC Construction \$100 annually.
- Referred a member to the NCA; saved \$100 on their next membership fee

ABC Construction's annual NCA membership fees are \$861; in the above scenario, they almost DOUBLE their ROI of their NCA membership. (\$1590-\$861=\$729).

 - ONE UNITED VOICE

Federal & Provincial Representation and Lobbying

As a member of the NCA, members automatically receive membership with Canadian Construction Association (CCA) and Council of Ontario Construction Associations (COCA).

CCA provides us with national representation and lobbying on ongoing issues affecting the construction industry. CCA gives voice to the public policy, legal and standards development goals of contractors, suppliers and allied business professionals working in, or with, Canada's non-residential construction industry.

COCA provides provincial representation and lobbying; bringing the concerns of members to the attention of Queen's Park. They are committed to working with the government to ensure that Ontario's legislative landscape is one where our industry can grow and prosper.

A few examples of the NCA's advocacy efforts include:

- Support of the Stop the Trades Tax initiative
- Niagara College Advisory Board
- Participation in the Contractors & Construction Stakeholder Group to discuss on-going challenges with the Region's pre-qualification process and the criteria set that excludes Niagara contractors
- Actively involved with the Public Procurement for Local Prosperity (PPLP) Committee reducing the barriers in construction procurement for smaller general contractors and trade contractors; leveraging infrastructure investment for Niagara's economic development benefit; and developing a competitive, and fair procurement process.

The **Niagara Construction Association Scholarship Award** is presented annually to Niagara College students to recognize their personal achievement in the Construction Engineering Technology program.

NCA Board Member, Tara Christensen (Women in Construction Committee Chair and Past President and Niagara College graduate) with Joe Langendoen, Frechelle Pandis and Owen Smith.
Congratulations to all 2019 recipients!
