

CNTNR Modular Building Solutions

QUALITY CONTROL INSPECTOR - Framing, Electric, Mechanical

CNTNR Modular Building Solutions is a rapidly expanding, innovative modular manufacturing company that is challenging the status quo of the construction industry. We have pioneered a manufacturing process using repurposed steel shipping containers, prefabricated into modular building blocks and assembled on-site to create container-based structures. The result: eco-friendly, structurally superior buildings in half the time of traditional building processes that are also beautiful, functional, and modern.

With a product this spectacular we need a team equal to it. If you have the skills and drive to be part of the next generation of construction, apply today. We offer competitive wages, performance bonuses, and profit sharing—because we want the best.

The QC Inspector role is full time, offering a highly competitive compensation package including fair wage, benefits and positive company culture.

Specific duties include, but are not limited to the following:

- Read and interpret blueprints, charts and tables
- Monitor or observe operations to ensure that they meet quality control standards
- Recommend adjustments to the process or assembly
- Inspect, test, or measure materials or products being produced
- Accept or reject finished items
- Remove or recommend changes to all products and materials that fail to meet specifications
- Perform in process and final inspection of parts and assemblies
- Record inspection and test results and prepare and submit reports to Chief Operations Officer
- Participate in the design & validation of components and adjust to improve efficiency and productivity within the production and fabrication process
- File, preserve, and dispose of various Quality Records
- Ensure standards for safe working conditions are observed
- Coordinate with Foreman, Procurement Manager, and Projects Coordinators as needed
- Carryout other tasks as assigned by the Chief Operations Officer

Experience and Attributes:

- Minimum of five years of related experience
- Detailed, organized, thorough and accurate
- Committed to professional development and ongoing learning; accepts training and direction well
- Demonstrated ability to work effectively as part of a team while also maintaining individual tasks and deadlines
- Dedicated to working in and promoting a safe work environment

Education and Training:

- Certified Red Seal Carpenter
