

COVID-19 PANDEMIC SERVICE UPDATE - Online Building Permit Application

Here at the Town of Grimsby, the health and safety of our residents, clients and staff remains our top priority. Following the recommendations of health officials we have encouraged staff to practice social distancing within their day to day processes. In order to do our part to help prevent the transmission of the COVID-19 virus the Town of Grimsby's Building Department is offering a temporary online Building Permit Application service that can be utilized through the "Online Building Permit Application" button below.

It is very important to ensure that all forms, drawings and associated documents that are uploaded for the online Permit Application are complete, legible and scaled. Providing a complete and accurate application submission will allow us to provide the best customer service possible. Please refer to our Building By-Law in regards to [Plans, Specifications and Information](#) submitted. Providing a complete and accurate application submission will allow us to provide the best customer service possible..

BUILDING PERMIT APPLICATION DOCUMENTS
