

-WOMEN IN- CONSTRUCTION

*Promoting the construction industry through networking,
mentorship, support, and education*

WHO WILL BENEFIT FROM PARTICIPATING?

- Company Owners, Architects, Engineers, General Contractors, Subcontractors, Manufacturers, Suppliers and Services, Government Agencies
- Administrative, Accounting, Sales
- Management, Safety Professionals, Project Managers, Supervisors, Superintendents, Estimators, Labourers
- Students/Apprentices

WHAT WE DO:

- Acquire strategies and insights you need in a continually changing industry
- Exchange of information, news, discussion and debate
- Raise the profile and visibility of women in construction
- Promote and share 'best practices' and innovations within the construction sector
- Provide training, workshops, seminars, hands on sessions with a female focus/perspective
- Provide a link between construction industry and Niagara College construction students
- Provide an opportunity to network professionally and socially with women working in construction
