

NCA SAFETY NEWS

Monthly Safety Tip - Noise in the Workplace

Noise is unwanted sound. It can have different effects on everyone!

Psychological effects mean that noise can startle you, annoy you, and disrupt your concentration. Noise can interfere with your communication when you are talking to someone. Consequently, it interferes with your job performance and your safety.

Physiological effects mean that you can lose your hearing. Noise can cause pain and even nausea when the exposure is severe. [Read full article here.](#)

Health and Safety Community

NCA P.A.T.H.S. - PARTNERS ALIGNED TOGETHER FOR HEALTH AND SAFETY

NCA has made safety awareness a primary initiative for our Association.

We have recently launched our [PATHS program](#), Partners Aligned Together for Health and Safety,

PATHS

formally making a stronger commitment to safety awareness and training.

NCA is excited to have special guest speaker, Rob Ellis of My Safe Work and League of Champions attend our Membership Appreciation Day on September 19, 2018 at Club Roma.

Rob became an outspoken advocate for health, safety and wellness in the workplace after the death of his 18 year old son in 1999. David Ellis was killed in a

workplace accident. He was given limited training and no supervision. It was his second day on the job.

Rob delivers a "DO NOT MISS" personal story and strong message. He inspires everyone to achieve greatness in safety culture.

NCA invites you to join us and hear Rob speak, sign the NCA Jersey of Courage, and enjoy a complimentary barbecue lunch with colleagues. Sign up today.

Check out the all new NCA Foundations for Construction Professionals Certificate here!

First Course Date: July 10, 2018
