

In recognition of the fast paced and changing developments regarding the COVID -19 virus, the Niagara Industrial Association is suspending all planned events for the foreseeable future. This includes the May 14<sup>th</sup> Membership Meeting.

The NIA's physical office will be closed however, the operations manager and board members will continue to work on your behalf to share timely information and to answer any questions you may have.

Manufacturing and supply chains are a critical element in challenging times such as these and we applaud the efforts of all manufacturers, service providers, and their employees who are attempting to maintain crucial operations while ensuring the safety of themselves and their staff.

Don Cyr, Chair  
Board of Directors
