

Nominate Your **YOUNG LEADERS**

Leading the Construction Industry Forward

If you are:

- **A young person working in or working towards a career in the construction industry**
- **Seeking an opportunity to network with others who share common goals**
- **Looking to be involved with a group of professionals to lead Niagara's construction industry in the future**

This group of like-minded individuals is exactly what you've been searching for!

The Young Leaders committee will provide NCA members an avenue to grow. It will also encourage engagement and give young professionals a voice within the industry. A key part of its mission is promoting careers in construction to help combat local skilled-trade shortages.

This committee will also be open to students participating in any Construction Studies program, allowing them the opportunity to introduce themselves to their future peers. The committee will also offer several networking opportunities/events, professional development, guest speakers, and informational/educational sessions.

If you are an employer or know of an individual in the construction industry who may be interested, please forward this information to them.
